Cranio is extraordinary in a way that, for those coffee lovers, we are also a one-stop-shop wherein you can purchase coffee equipment that we assure to be top- quality - exceptional taste within a cup.

In everything Cranio does, we are always dedicated to Our Mission: to teach and cultivate passion- one person, one cup, and one dream.

“We grind and roast coffee beans with love and mix our talent with the knowledge to serve our customers the best”

What We Do

Cranio has different ways of bringing excellence when it comes to coffee and craft. We love to serve our customers with exceptional gourmet coffee drinks, both hot and iced. We also have perfect services for all coffee enthusiasts.

For every day, Cranio always looks forward to seeing you sip into our cup of coffee and put a great smile on your face.

Our Story

Cranio Cafe started with just an idea from Maitham Mashhadi and Al Faisal Al Malki, two friends who have the same passion for coffee. The business name was inspired by the Italian scientific name, "Cranio," which represents the word cranium of the skull. By 2019, we embark on a new chapter of our lives, sharing our passion with the people of Doha, Qatar.

From only serving coffees that are beyond a person's expectation and allowing customers to bring a sip of comfort in any of the important highlights of their lives, we started not just as a coffeehouse but also as a journey with our customers.
